Company Description

Lisanathi Engineering is a 100% black-owned South African enterprise, established in 2015 and strategically situated 10 kilometres from OR Tambo International Airport. Our team of seasoned experts, including strategic managers, mechanical engineers, and technicians, leverages their collective skills and experience to deliver top-notch engineering services and precision-manufactured mechanical components. We cater to various industries, providing innovative, technology-driven solutions that meet the highest standards of quality and excellence. As a Level 1 BBBEE accredited company, we adhere to the rigorous ISO 9001 standards, ensuring our clients receive unparalleled service and expertise.

Vision

At Lisanathi Engineering, our vision is to emerge as a pioneering industry leader, renowned for setting benchmarks of excellence in engineering solutions. We are dedicated to delivering exceptional service, driven by our unwavering commitment to:

Flexibility: Adapting to the evolving needs of our clients

Innovation: Embracing cutting-edge technologies and creative problem-solving

Outstanding Customer Service: Exceeding expectations through unparalleled support and expertise

Mission

At Lisanathi Engineering, we are committed to:

- Exceeding customer expectations in quality, delivery, and cost through continuous innovation and collaborative customer engagement
- Achieving sustainable profitability to ensure our future success
- Leading our industry with distinction, driven by:
 - Individual and collective dedication
 - Innovative solutions
 - Unwavering integrity

Values

Professionalism: We uphold the highest standards of expertise and conduct in our industry.

Integrity: We act with honesty, transparency, and ethics in all our interactions.

Respect: We treat people with dignity, kindness, and compassion.

Compliance: We conduct all business lawfully and adhere to regulatory requirements.

Customer Satisfaction: We strive to exceed customer expectations and deliver exceptional service.

Strategy

Our strategy is to establish long lasting relationships that create more value for our customers, our suppliers, our employees and our shareholders through conservation of their vital interests.

Product and Service

Comprehensive Engineering Solutions, including:

- Consulting
- Development and Design
- Metrology and Metallurgy
- Precision Manufacturing
- Prototype Manufacturing
- Mechanical Spares
- Maintenance of Plant and Equipment
- Welding & Fabrication

Company Structure

Lisanathi Engineering is led by our Founder and Chief Executive Officer with vast amount of knowledge in his field of expertise. Coupled with his Mechanical Engineering background, MBA degree and more than 20 years' experience in the energy sector, our C.E.O is the relevant incumbent to drive the company's strategy and values. Our vision is shaped by our Technical Director, a seasoned expert with:

- Registered Professional Engineer status
- MSc in Technology Management
- Extensive experience in power generation

Our operations are led by our Operation's Director, a seasoned professional with:

- Qualifications as an Artisan and CNC Programmer
- Over 30 years of experience in the Engineering Industry
- Strong leadership acumen

Together, they drive our mission forward, combining technical expertise, industry experience, and leadership prowess to propel our success.
